Re: Asbestos Abatement Contractor License for Green Development and Construction, LLC

Dear Nadia Green:

Please find the enclosed copy of the Allegheny County Health Department (“ACHD”) 2026 Asbestos Abatement Contractor License issued for Green Development and Construction, LLC (“Green Development and Construction”). Please be advised that due to prior compliance issues, Green Development and Construction’s License is subject to the following requirements:

- (1) Green Development and Construction shall comply with all applicable provisions of Article XXI §§ 2105.60, 2105.61, 2105.62, and 2105.63 of ACHD’s Rules and Regulations;
- (2) Green Development and Construction shall have all pre-abatement set-ups or containments inspected by the ACHD prior to conducting any asbestos abatement;
- (3) Green Development and Construction shall post, at the work site in a visible area, the valid permit for the project, and all required warning signs for identified hazardous materials;
- (4) Green Development and Construction shall create a regulated work area that is secured with fencing that meets minimum standards of plastic construction fencing;
- (5) Green Development and Construction shall have a waste hauling receptacle that is properly lined with 6 mil poly, in a way that allows the entire load to be properly wrapped on site at the time of the set up inspection;
- (6) On all “demolition with ACM left in place” projects, Green Development and Construction shall not sort any materials from the debris for any purpose and all debris shall be treated as ACM construction waste;
- (7) Prior to the commencement of demolition on all “demolition with ACM left in place” projects, Green Development and Construction shall identify for the ACHD the source of water to be used to keep all demolition debris adequately wet;

WWW.ALLEGHENYCOUNTY.US/HEALTHDEPARTMENT

- (8) Green Development and Construction shall notify the ACHD of the start date of all “demolition with ACM left in place” projects at least three (3) business days prior to the start of the demolition project by requesting a pre abatement inspection;
- (9) Green Development and Construction shall provide ACHD with their Department of Labor and Industry the name of the third party air monitoring firm during the set up inspection and the air monitoring firm shall be present at the time of the set up inspection;
- (10) Green Development and Construction shall provide ACHD with their Department of Labor and Industry cards for all workers and supervisors during the set up inspection;
- (11) If there are any other workers to be employed by Green Development and Construction their cards will need to be submitted to ACHD prior to performing asbestos abatement work under the Green Development and Construction, LLC Contractor License;
- (12) On all “demolition with ACM left in place” projects, Green Development and Construction shall request, within 24 hours after the completion of demolition, a final clearance inspection from ACHD; and
- (13) Green Development and Construction shall provide ACHD with daily summaries of work, including 1) signed affirmation that all required work practices were followed, 2) notification of any problems, deviations, or violations occurred, and 3) daily air monitoring readings from the air monitoring company for each day of work. Daily work summaries must be sent within 24 hours of the end of an asbestos abatement work day

The failure to comply with any of the above requirements shall result in either a suspension or revocation of Green Development and Construction’s 2026 Asbestos Abatement Contractor License.

DONE and ENTERED this 24th day of April 2026, in Allegheny County, Pennsylvania.

Sincerely,

Allason Holt
